African Leadership University,   **Kigali, Rwanda**
Software Engineering   Undergraduate - Presente
- First term G.P.A.: 4.15

WORK EXPERIENCE

WiyoRent,   **Kigali, Rwanda**
Low-code developer   April 2024: Prenent
- Create WiyoRent's official website with low-code tools like WordPress or GoogleSites, and always facilitate user experience.
- Add user-friendly features that help to improve the accessibility and utilization of the website, and implement HTML/CSS code to customize those features.
- Ensure that the added functionalities cannot cause any threat, risk, or vulnerability in order to protect the confidentiality, integrity, and availability of the company's different assets and data.

PROJECTS

- **YouTube Downloader with Python and HTML & CSS -** A simple local website that downloads YouTube videos in mp4 format with the best video quality. [Click here](#).
